

ELEPHANT SANCTUARY PREMIUM : ONE DAY VOLUNTEER JOIN TOUR

ITINERARY ONE DAY

This is a unique opportunity to spend a meaningful and exciting day volunteering at the first ethical elephant sanctuary in Phuket. You'll be assisting us with tasks and immersing yourself in the daily life at our sanctuary.

We do not require any previous volunteer experience as long as you are a passionate animal lover with a keen interest in wildlife. If you're physically fit, enthusiastic and able to work as part of the team in the hot Thai humid climate whether rain or sun - volunteer!

Elephants love to swim, cool off and splash in the water. Observe the elephants as they enjoy their newfound freedom, play, socialize with each other and bathe freely.
